ANOTHER WONDERFUL CURE!

PRILABELPHIA, April 9, 1846.

Last August a year, I caught a violent cold, in consequence of getting wet in a shower of rain. A circumstance so common gave me no immediate concern, supposing that I should soon get rid of it. On the contrary, however, I daily grew worse; a violent coigh set in, then pain in my breast and between my shoulders. I now suffered great oppression from the great secretion of purulent matter in my lungs. I became greatly alarmed; and my friends considered my situation extremely critical, the more so as loss of appetite, heetic fever, and night sweats rendered me as weak as a child, and at night the sweat literally poured off me! This was my condition when I commenced using "Thomson's Compound Syrup of Tar and Wood Naphtha." I procured one bottle, and experienced so much benefit that I resolved to continue it. It is now six months since I ceased using the medicine, and the cure remains perfect. I firmly believe this medicine is far superior to every other remedy for Consumption of the Lungs. ANOTHER WONDERFUL CURE!

WELLAR'S
PATENT JAPAN
LIQUID AND PASTE
BLACKING.

The unders' gued begs leave to call the attention of those desirous of using a good article in Blacking, to the abovenamed. The Manufacturer, knowing the excellent properties of his Blacking, sent samples to various persons (such as Boot Makers, &c.) also to several of the Newspapers. The extract underneath are from some of the papers, they speak for themselver; also several persons who tried it have called and said that the laptan Liquid Blacking was superior to any thing they had ever used.

EXTRACTS FROM NEWSPAPERS.
Wellar's Patent Japan Blacking is the name of an excellent article; we have seen it used, and can highly recommend it—N. American, April 18.

Wellar's Blacking is one of the most superb and satisfactory articles of the day. It imparts a brilliance and polish beyond description. We have tried it.— 'Go and do like wise.'—Spirit of the Times, April 2d.

By reference to another column, an advertisement will be found for an excellent article of Blacking, in a Liquid form for Boots, &c. It has been highly recommended by many who have tried it. It not only gives, with very little trouble, a beautiful jet polish, but retains it much longer than any other. It is sold by the Agent of the Manufactures at No. 50, Chesnut street. Buy a bottle, one trial will prove the fact.—Phil. Ledger, April 23,

Wellar's Blacking is one of the most shining arti-cles in the market.—Spirit of the Times, April 2.

Patent Blacking.—Mr. J. Wellar, No. 50, Cheenut St., has prepared a Patent Liquid Blacking, which produces a beautiful jet Polish, and does not injure the leather. Those who would have a polished understanding should read the advertisement in another column.—U. S. Gazette, May I.

Wellm's Palent Japan Blacking is about the best article of the kind we have seen. The poish which it imparts to the understandings of man is brill ant and lesting: we have tried it and it boots us to say all this in its behalf.—Evening Bulletin, June 7th.

The Manufacturer can produce numerous testi-monials similar to the above, from private individuals and from other papers, but the above extracts are sufficient to convince any person that the manufac-turer has not exaggerated; but that upon a fair trial the Blacking will be found as represented, excellent in every respect.
